

U.S.KIDSGOLF
2023 Equipment Catalog

A photograph of a golf course scene. In the foreground, a young boy wearing a white cap and a blue and white striped polo shirt is sitting on the grass, looking up and to the right with a smile. Another child is partially visible next to him. In the background, a group of four people (three men and one woman) are standing on a path, looking towards the camera. They are dressed in casual golf attire. The setting is a sunny day on a golf course with a building in the background.

FOCUS.

Players receiving their Player Pathway pins at the U.S. Kids Golf Academy in Southern Pines, North Carolina.

For 25 years, we have led the world in kids and family golf because of our commitment to design, quality, and an unwavering focus on making the best equipment for kids. Four unique systems designed for getting started in golf moving the player to the elite level.

BEGINNER

RIGHTSTART
YARD CLUB

A young girl with blonde hair in a ponytail is captured mid-swing on a golf course. She is wearing a white baseball cap, sunglasses, a dark blue long-sleeved shirt with a small white pattern, a white pleated skirt, and pink sneakers. She is holding a golf club with a blue shaft. The background is a lush green field with a line of yellow golf balls in the foreground. The text "BEGINNER TO INTERMEDIATE" is overlaid in large white letters.

YARD CLUB

Training/Yard Club with Training Grip

All clubs available in right and left hand

Why choose Yard Club?

The perfect choice to get started or further develop your swing, Yard Club is the mandatory first club beginning players are given when attending a U.S. Kids Golf Academy.

With a molded grip that teaches proper hand placement, oversized head with a pitching wedge loft that helps get the ball in the air, and a flexible lightweight shaft that helps develop a proper swing, Yard Club can make learning easier and more fun. Use in the yard or when training with real golf balls at the range or golf course.

Molded training grips transition at player height 54"

Additional Yard Balls sold in dozen packs.

YARD CLUB

The Right Club for the Right Start in Golf.

- Yard Club teaches proper hand placement using our training grip with hand placement indicators.
- 30% larger head than a standard pitching wedge gives players confidence when addressing the ball.

PLAYER LEVEL

Beginner to Intermediate

All clubs available in right and left hand

DRIVER

Lightweight alloy allows us to produce an oversized driver with a larger hitting area for increased distance and added forgiveness.

FAIRWAY WOODS / HYBRIDS

Low center of gravity in the club's design provides higher launch and less spin.

SAND WEDGE

This club features 56° of loft with 12° of bounce and 2-star grind, allowing the club to be versatile in a variety of sand and turf conditions.

LONGLEAF PUTTER

This classic-style putter features a polymer insert for better feel and an offset shaft for better alignment.

IRONS

A wide sole and increased toe and heel weighting helps launch the ball in the air and offers more forgiveness on off-center shots.

GRIPS

Each grip increases in size and weight to better fit the player's hands as they grow.

PURCHASE OPTIONS

Ultralight offers multiple set configurations and bag options to fit various needs.

SHAFT TECHNOLOGY

Frequency matched and spined shafts provide consistent performance throughout the system.

6-4 titanium with black PVD finish.

Optimized MOI produces more forgiveness and a larger sweet-spot than prior generation.

Center of gravity refined over prior generation for a tighter, wind-piercing trajectory.

3-WOOD/HYBRIDS

Designed with a repositioned Center of Gravity to increase forgiveness and create optimal launch

Thin crown and face design generates maximum ball speed

ENGINEERED USING TRACKMAN
GOLF

IRONS

Perimeter weighted heads provide increased forgiveness

Lower and deeper Center of Gravity provides optimal launch and spin

Wedges

SPIN

Our new Spin-Tech technology applies milling to the entire face, maximizing spin from all turf conditions for all face impact locations.

PAD

A unique PAD (Path Adjustment Distribution) system ensures the proper trajectory, flight, and landing angle, regardless of wedge hit, by re-positioning the center of gravity to better match the loft of each club.

PAD system highlighted in green.

GRIND

Three unique grinds specially engineered for each loft ensures unmatched club performance and turf interaction. *GRIND system highlighted in blue.*

UL ULTRALIGHT

Good Grip Glove

Designed to fit smaller hands, the Good Grip glove comes in five sizes. Spandex stretch points ensure a snug fit.

- ➔ Premium cabretta leather palm and thumb for incredible feel and softness
- ➔ Ultra-soft water resistant synthetic leather for increased durability in all weather conditions
- ➔ Mesh inserts provide breathability and flexibility for a perfect, consistent fit
- ➔ Grip placement and arrow-to-shoulder reminders ensure the proper grip every time

Available for right and left handed players

X-Small, Small, Medium, Large, and X-Large

Glove Sizing Guide

SIZE	APPROX. AGE	HAND SIZE
XS	2-4	14cm
S	4-6	15 cm
M	7-9	16 cm
L	10-11	17 cm
XL	11-12	18 cm

The Best Balls for Your Player. The Best Price for You.

When it comes to golf balls, slower swing speeds don't meet the compression requirements of most balls on the market. dvs balls have been rigorously tested for durability, stability, and performance. This ball will help any player with a swing speed under 90 mph gain distance and control, adding enjoyment and confidence in their game. Please see our comparison with the market-leading ball in the chart below.

Comparison Data - Market-leading Ball

Using robot testing at **Golf Laboratories, Inc.**, we compared the performance of our newly designed ball with the golf market's leading ball.

Driver (tested at 90mph swing speed)

Golf Ball	Launch Angle	Spin	Carry	Landing Angle	Estimated Rollout	Estimated Total
dvs by U.S. Kids Golf	14.0°	2459	211.6 yds	40.5°	19.5 yds	231.1 yds
Market Leading Ball	14.0°	2750	210.7 yds	40.4°	18.3 yds	229 yds

7-iron (tested at 60mph swing speed)

Golf Ball	Launch Angle	Spin	Carry	Landing Angle	Estimated Rollout	Estimated Total
dvs by U.S. Kids Golf	21.4°	4269	101.5 yds	36.6°	16.4 yds	117.9 yds
Market Leading Ball	20.6°	4896	99.0 yds	35.3°	15.7 yds	114.7 yds

Available in Mesh Bag Dozens
